(attach more pages as needed and provide at least three forms of proof of these changes)

In at least 3500 words, please provide answers to the questions below (attach pages as needed and provide evidence as needed):

1. What makes your organization a responsible future user of NP Solutions Technology?
2. Explain instances in which your organization used advanced technology responsibly and efficiently.
3. What is your organization's mission statement? What does that mean to your employees? To your leadership? How will that influence the way you use NP Solutions Technology?
4. How does your organization embody good moral behavior?
5. How do your clients fulfill your mission statement? How do your clients exemplify good moral behavior? Provide at least 5 (FIVE) examples.
6. What sets your organization apart from others who have used NP Solutions Technology before?
7. FOR YOUR CEO(s) OR PRIMARY LEADER(s): What makes you get out of bed in the morning? Why?
8. What can NP Solutions and its technology provide you that you could not have otherwise?
9. How does your organization define "morally good?" How does your organization define "responsible?"
10. Provide evidence, anecdotes, and facts that may be beneficial to your application.

Please have the primary leader of your organization check and sign below:

SPEAKING FOR THIS ORGANIZATION, I UNDERSTAND THE RESPONSIBILITIES THAT COME WITH THE USE OF NP SOLUTIONS TECHNOLOGY. I AGREE TO ANY AND ALL TERMS NP SOLUTIONS DEEMS NECESSARY TO ENSURING THE PROPER USE OF THEIR TECHNOLOGY. I UNDERSTAND THAT MY APPLICATION MAY NOT BE ACCEPTED. I HAVE NOT TAKEN INCENTIVES FROM GOVERNMENTAL OR MILITARY ORGANIZATIONS TO APPLY FOR THIS TECHNOLOGY, AND I HAVE READ AND UNDERSTAND THE TERMS SET BY THE UNITED NATIONS COMMITTEE ON SYNTHETIC SENTIENCES.
